

HOLTEC HIGHLIGHTS

A Summary Report to Our Clients, Suppliers, and Company Personnel

Holtec Corporate Center in New Jersey Will Have a New Address; Same Physical Location

We are pleased to announce that, as of January 1, 2014, our Corporate Center located in Marlton, NJ will have a new address. The original street name, Lincoln Drive West, will be changed to *Holtec Drive* in honor of our company. The Evesham Township of which the Marlton boro is a part, has extended this recognition to Holtec for the Company's long term commitment to investing in the welfare of the local community and for Holtec's celebrated technology contributions to the energy industry. Among the more visible of Holtec's contributions to the local community are the digital speed monitors installed around the township's schools to improve children's safety. Over the years, the township's police department and fire safety department have been the specific focus of Holtec's local efforts. In addition to helping enhance safety within the community, Holtec is also deeply involved in promoting Marlton's economic growth. Through its various "sister companies" Holtec has acquired seven other real estate properties along the townships main business corridor and is actively engaged in improving them to world class standards. The beautified brick and glass buildings will proclaim Marlton's rise as a pre-eminent business hub in southern New Jersey. Already, this 500,000 square feet of commercial real estate in the seven buildings houses over sixty area businesses and restaurants which employ over 3,000 people in the local region.

Therefore, as of January 1, 2014 our mailing address will become:

Holtec International

One Holtec Drive

Marlton, NJ 08053-3421

We should expect Google and MapQuest to catch up with the road name change very shortly.

Holtec Drive replacing Lincoln Drive West
